

Genuine United Audio bases are fine cabinetry designed especially for Dual automatic turntables.

We're just as exacting about the materials and workmanship that go into our bases as we are about the precision manufacture of Dual turntables. These bases are made by master craftsmen who use only the choicest genuine walnut veneers on solid warp-resistant lumber. Then they treat them with such

fine furniture details as fully mitered corners, veneered edges and hand finishing. That's why you'll find United Audio bases and dust covers are handsome additions to your decor, especially for open shelf or cabinet-top installations. Be sure to look for the United Audio nameplate at your franchised United Audio dealer.

Now you don't have to wonder where to store the spindles and extra cartridges for your Dual 1219. Just flip open the front of the WB-19X base and you'll find a fitted accessory panel at your fingertips. It has a special place to secure every spindle made for your Dual including the automatic spindle for large-hole 45 rpm records. It also holds and protects two mounted cartridges. You can't misplace any of these accessories any more, and you don't need any extra space for this added convenience. We think it's a feature you'll truly appreciate. Dimensions: 14 $\frac{1}{4}$ " x 17" x 3 $\frac{1}{8}$ ". **Model WB-19X, \$29.95.**

Unique dust cover matches WB-19X base for versatility as well as good looks. Hinged front section conveniently folds up, partially, or completely up and back as shown, providing instant access to all operating controls while maintaining complete protection for record stack. An especially important feature in installations where height is limited. Entire dust cover can also be tilted open or removed entirely. Designed and made by Dual for WB-19X. (Also fits WB-19.) Smoke-tinted $\frac{1}{8}$ " plexiglass. **Model DC-9X, \$24.95.**

Matching smoke-tinted plexiglass dust cover for WB-19. (Also fits WB-19X.) Allows clearance for full stack of records. Self-hinge lets cover be tilted open or removed entirely. **Model DC-9, \$12.95.**
